

Here are the results of Saturday's Turkey Trot.

At least we got a beautiful Wellington Day, after all the horrible weather we have been served up lately.

Thanks to the WHAC volunteers who measured the course for us, and were out early doing their safety audit and course marking.

Thanks also to Murray McGowan for acting as our recorder.

I apologise that there was a clerical error in the results which I announced on the day. We got Peter's finish time wrong which meant that he was 14 seconds under his estimate, rather than the 9 seconds we credited him with. Such a little difference, but in terms of the Turkey Trot it meant that Rob actually won, Terri was second and Peter third.

I don't plan to reverse the prizes and I hope Peter enjoyed his wine. I will front with another box of chocs for Terri, though!

I hope the rest of you enjoyed your Peanut Slabs....
